Ra Atlas Fixed & Free Standing Floor Stands For Flat Screens & Touch Screens

RA Atlas Fixed Floor Stands are designed for applications when it is not possible to mount the screen directly onto a wall due to weight of the screen or construction of the wall. Our Stands have various fixed height settings to choose from and come complete with Floor Anchor Bolts with caps to cover the fixing bolt heads & Wall Strap Brackets to eliminate any flex or movement when Touch Screens are fitted. Four sizes of stands are available for flat screens from 28 inch up to 85 inch & 140kg. The design of our Stands allows cables to be hidden inside the box section upright tower for a very neat & tidy appearance. All are available in Black, White or Grey colour. An RA Flat Screen Mount is required to accompany these stands dependant on the screen VESA fixing measurement. NON FIXED Free Standing versions of these Stands are also available & a similar product for IWB & UST Projectors.

Fixed Floor Stand
